## **Assignments/Employment**

Academic Appointments:

Chief of Clinical Operations/Block IV OIC, Combat Paramedic Program, Ft. Sam Houston, TX

July 2023 – Present

Chief of Clinical Operations/Block IV OIC for the U.S. Army's Combat Paramedic Program, a 30 week military additional skill identifier (ASI) producing program for prior service enlisted., four iterations annually with throughput of over 150 students. As the Chief of CLINOPS actively collaborates with Instructors to update and manage curriculum, to maintain soldier students' levels of fitness and learning, and to optimize pass rate for the National Emergency Medical Technician-Paramedic (NREMT-P) examination while simultaneously preparing soldier for battlefield medicine.

Director, Phase I 68C Program, Fort Sam Houston TX

November 2016 – October 2019

Director for Phase I of the U. S. Army's Practical Nurse (LPN) training program (68C), a two phased military occupational specialty producing training program for initial entry and prior service enlisted. There are one Phase I site and 10 class iterations annually. Oversees the training for an 11.3 week didactic program, with 10 iterations annually producing over 600 students assigned to the US Army and US Army Reserve. Phase I Director acts as the intermediary between Branch leadership and a team comprised of three civilian and four military instructors per Texas Board of Nursing, AMEDD Center and School, and MEDCOM guidance. As the Phase I Director actively collaborates with Instructors to update and manage curriculum, to maintain soldier students' levels of fitness and learning, and to optimize pass rate for the Nursing Licensure Examination (NCLEX) while simultaneously preparing soldier for Phase II and eventually battlefield medicine. Directly responsible for counseling and rating staff members, coordinates UCMJ actions, and serves in an administrative role for both students and staff members. Additionally, Phase I Director serves in teaching role and mentor junior leaders and staff.

#### Clinical/Clinical Support

##### Appointments:

DEM Team Lead/Trauma Nurse, BAMC, Fort Sam Houston, TX

Oct 2019- July 2023 and July 2014- Nov 2016

Brooke Army Medical Center- Serves as a Team Leader and Emergency Trauma Nurse at the only Level 1 Trauma Center and Regional Burn Center in the DoD, seeing over 85,000

patients a year. Provides age specific nursing care and treatment to a wide variety of critically/ acutely ill patients and implements the nursing process in accordance with professional standards. Collaborates with physicians and ancillary services to provide an interdisciplinary approach to meet the needs of patients and their family members. Responsible for coordinating care with 40 emergency nursing, 20 physicians, and 10 paraprofessional personnel while performing clinical duties in the Emergency Department (ED). Plans and initiates patient/family teaching, providing key information to promote active participation in their healthcare. Participates in unit performance, staff development, and continuing education. (Oct 2019- July 2023 and July 2014- Nov 2016) Fort Sam Houston Tx

121 CSH- Staff Nurse/Charge Nurse  
July 2012- June 2014 Youngsan Korea ROK

121 CSH- Staff Nurse/Charge Nurse, ED, served as part of a nine-bed Emergency Medical Treatment (EMT), Role III Combat Support Hospital and seven-bed MEDDAC Emergency Department, supporting a beneficiary population of approximately 40,000. Functioned as team leader during complex medical emergencies and resuscitations. As charge nurse directly responsible for the supervision of 5-7 professional and paraprofessional staff. As a clinical expert, provide, direct, and evaluate the delivery outcomes of nursing care in accordance with national and local standards. Collaborated with physicians and other healthcare professionals to ensure an interdisciplinary approach to cost effective, quality care in a managed care environment. Develops, implements, and monitors unit nursing standards of care, protocols, and performance initiatives with a positive customer focus. Maintains standards established by the Emergency Nurses Association. Served as Nursing Supervisor as scheduled as well as B.CO Commander in their absence.

Clinical Staff Nurse ED, DDEAMC, Fort Gordon, GA  
Nov 2011- July 2012 Fort Gordon Ga

DDEAMC- Clinical Staff Nurse of a U.S. Army Regional Medical Center 24-bed Level II Emergency Department averaging 3,800 patient visits per month. As Charge nurse directly supervises 7-14 professional and paraprofessional nursing personnel. Responsible for coordinating and evaluating nursing care for all age groups of patients from neonate to geriatric to include all types of medical/surgical diagnoses. Identifies, interpret and triage conditions of a minor to critical nature and initiates appropriate nursing interventions. Applies the nursing process while assuring the highest quality most cost effective care is delivered.

Clinical Staff Nurse/Charge Nurse

Dec 2009-Dec 2011 Fort Hood Tx.

DAMC- Clinical Staff Nurse and Charge Nurse of a 29-bed level III trauma center with a daily census of over 210 patients. Serving over 150,000 beneficiaries, primary duties included supervising a staff of 20 Nurses, Medics, and Residents, and clerical staff. Responsible for planning, implementing, assessing, and treating both minor and life- threatening, acute and chronic illnesses and injuries. Rapidly and accurately performing initial screening and triage so priority and treatment interventions are not delayed. Enforces hospital, MEDCOM, ENA, and TJC standards.
